

**CONSTRUCTION NOTICE**  
**FARIA PRESERVE – LANDSCAPE INSTALLATION**  
**FARIA PRESERVE PARKWAY/NEIGHBORHOOD PARK**

Dear Homeowners,

As you are aware, Faria Preserve LLC has been actively developing a new community in the vicinity north of your residence. As part of the City approved plans and development, a new neighborhood park is underway and additional required landscaping including plants and trees will be installed on the hillside north of your home and south of/below the future park site and Faria Preserve Parkway (general exhibit attached).

Starting March 8, 2021, Faria Preserve LLC intends to begin the installation operations necessary to prepare the hillside for new plantings. Work is anticipated to continue through the summer, with completion targeted by the end of October 2021.

Work will be conducted within City approved hours of construction: Monday through Friday 7:30AM - 6:00PM and Saturdays 9:00AM to 5:00PM. You will likely be able to observe personnel regularly accessing and working on the hillside, often with minor power and hand tools. We do not anticipate the use of heavy equipment and/or sustained power tools with high volumes.

This letter is to serve as a general notice of operations, and we appreciate your patience. Should there be concerns during the course of construction, do not hesitate to contact the project team at:

LENNAR (CalAtlantic Homes)

City of San Ramon
